

Erie County COVID-19 Response

erie.gov/covid19

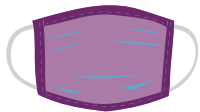

Detecting Disease

Starting in the earliest days of the pandemic, Erie County hosted more than 700 COVID-19 testing sites, administered more than 35,000 rapid COVID-19 tests and collected and tested more than 12,500 PCR samples.

75%

residents with at least one vaccine dose.

Promoting Safety

Erie County distributed thousands of at-home COVID-19 test kits, and more than 7 million masks and other PPE to schools, houses of worship, libraries, municipalities and non-profits.

44%

of children under 18 years with at least one vaccine dose.

Preventing Illness

From prom-themed teen vaccine clinics to "Shots at the Shop" for vaccines at local breweries, Erie County operated more than 660 vaccine clinics in 2021 and administered more than 235,000 vaccine doses.

41%

eligible residents with at least one booster dose.

Answering the Call

The Erie County COVID-19 Information Line served as a central hub for information in a time of stress and uncertainty, with more than 293,000 calls coming into the line during 28 months of operation.
